

R E M A R K S

Applicants thank the Examiners for the telephone interview granted today, November 17.

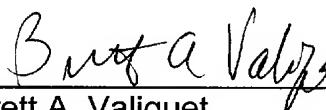

First, the Examiners pointed out a numbering error in Amendment B since there were previously 35 claims that should have been canceled, not 1-31 as indicated in Amendment. Therefore this Supplemental Amendment B rennumbers Amendment B claim 32 as 36 and 33 as 37, and also cancels all of the claims 1-35.

Also during the interview, it was noted that a typographical error was present in claim 32 (renumbered as claim 36 herein) at line 11 which should have been "right" and not "read".

During the interview, the differences between Marchosky and the patent claims were discussed in accordance with the Remarks set forth in the previous Amendment B. The Examiner promised to seriously consider the differences pointed out with respect to Marchosky as outlined in the Remarks portion of Amendment B and will then make a decision on the allowability of the application.

The Commissioner is hereby authorized to charge any additional fees which may be required, or to credit any overpayment to account No. 501519.

Respectfully submitted,
